HEALTH FOUNDATION

*Empowering the people
of Cass County and
surrounding communities
through improved health*

*The campaign for a **NEW** Cass County Dental Clinic
Opening April 21, 2025*

A LIFETIME OF SMILES

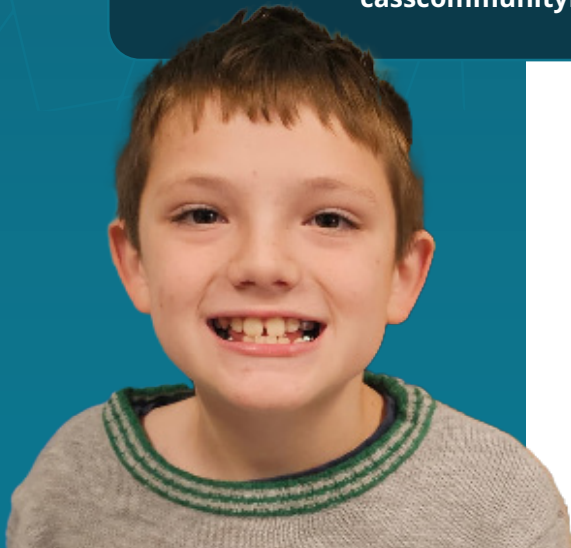

Cass Community Health Foundation opened Cass County Dental Clinic in Belton, Missouri in 2011 to provide comprehensive oral health services for children and teens who are insured by Medicaid or from underserved backgrounds. The demand for services has exceeded our capacity. As a result, we launched a capital campaign in 2024, A Lifetime of Smiles, and broke ground for the clinic's future home at 1000 E. Markey Parkway in Belton, Missouri.

Construction of Cass County Dental Clinic

Our clinic will increase from 4 operatories at our existing location to 8 at our new location. The new clinic will include a community room and administrative space. This will allow staff to continue outreach programs like our school-based dental screening and teledentistry programs. A new sedation room with expanded space will be available to treat children with extensive decay that requires sedation.

With your support, this new building will significantly strengthen our ability to deliver quality dental care. Every contribution brings us closer to becoming the dental home for many more in our community. Donate to the campaign or make a 3-year pledge at casscommunityhealth.org/lifetimeofsmiles.

WHY SHOULD YOU GIVE?

Help create more smiles for children like Cooper Cumpton.

"He used to be scared of coming to the dentist," Chyenenne, Cooper's mom, said. Cooper is comfortable at Cass County Dental Clinic and ready for a brand-new building to call his new dental home. The clinic has created a safe space for children to receive oral health care. Cooper is among many kids who have learned how to properly care for their teeth and feel at ease while doing so. "I had to have dental work done and the staff was very nice and kept me calm. They walked me through each step to help ease my anxiety," said Cooper. The new location will increase access to dental care for children, meaning more stories like Cooper's can be told. Help Cass Community Health Foundation raise the funds necessary to complete the project.

A RECAP OF 2024

A child receives treatment at Cass County Dental Clinic

CASS COUNTY DENTAL CLINIC

We provided quality dental care to 3,368 children and teens at our safety net dental clinic, Cass County Dental Clinic. The clinic increases access to oral health care by treating children and teens who otherwise couldn't afford treatment. Two locations are available in Belton, Missouri and Harrisonville, Missouri for patients ages 0 to 20.

Board members at Cass County Dental Clinic groundbreaking

A LIFETIME OF SMILES

We announced our new safety net dental home, Cass County Dental Clinic, at 1000 E. Markey Parkway in Belton. Our groundbreaking event hosted community leaders and stakeholders on May 15, 2024, where we launched our capital campaign to raise funds for the new building. This new location will allow us to increase our clinical space and increase access for quality, compassionate dental care for underserved children and teens and their families.

Runners at the 30th Annual 5K for Health

5K FOR HEALTH

We broke our 5K fundraising record at the 30th Annual 5K for Health by raising more than \$100,000 for Cass County Dental Clinic. Supporters joined us on May 4 on the Belton High School campus. A special thanks to 5K chair Todd Krass and the planning committee.

Dr. Rob Tait, foundation board member, volunteers at a dental screening

SCHOOL-BASED DENTAL SCREENINGS

We provided free dental screenings for 6,726 students in Cass County and Grandview schools during the 2023-2024 academic year. The program was made possible by 141 volunteer dentists, dental hygienists, students, and community members, totaling 975 hours.

Cass County Dental Clinic hygienist provides teledentistry services

TELEDENTISTRY SERVICES

We treated 241 students during the 2023-2024 school year through our teledentistry program. Staff members of Cass County Dental Clinic visit the schools to provide cleaning and preventive services.

TO OUR FRIENDS

2024 was a year of anticipation, excitement, and the promise of new beginnings for Cass Community Health Foundation and our Cass County Dental Clinic.

We have provided access to dental care for underserved children and teens and created healthy smiles at our safety net

clinic in Belton since 2011. In 2024, our organization broke ground on a new dental clinic to further expand access to dental care.

Securing property and building a new dental clinic to serve the community has been quite an undertaking for our board and staff. The expanded clinic will not only provide a welcoming place for our patients to receive dental care, it will also provide adequate space for our clinic staff who play a vital role in improving the oral health status of those we serve. The new clinic will also allow our Cass Community Health Foundation board and staff to have an office location in the community. This will provide a place for the foundation to meet, collaborate, and continue to serve as a valuable resource and community partner in Cass County.

This new clinic is only possible thanks to the support of so many generous donors who believe in our mission to provide quality dental care to underserved children and teens. We are excited to welcome our families to their new dental home in 2025 and beyond!

Cynthia A. Randazzo | President and CEO

MORE 2024 HIGHLIGHTS

We awarded \$55,000 in scholarships to students from the Cass County area pursuing careers in health care.

Honorary Cass Community Health Foundation board member, Dr. Sara Jones, presented Ava Spiller the 2024 Daniel F. Sheehan Nursing Scholarship, our top, first-year award for high school seniors.

We celebrated the 30th anniversary of the 5K for Health by inviting past event chairs to the event.

Juan Rangel, Jr., Janelle Biernbaum, Jeff Kyle, Dr. Rob Tait, Lanna Bernard, Dr. Terry Myers, Damon Randolph, Kevin Wood, Sara Jones, and Al Voelker chaired a past
